

Hazard Assessment and Install Timeline

1st memo- property has 30 days to communicate installation timeline

2nd memo- 35 days after 1st memo

3rd and final memo- 65 days after 1st memo

After 10 days, 72-hour door tag for discontinuance of service.

***Timeline is subject to tighter timeframes based on level of hazard and General Manager's discretion.**

Testing- Agency requires 72-hour advance notice for testing schedules. Installs are flexible and the test must be scheduled to be done within 72-hours of the install or discontinuance of water service will occur until test is witnessed by Agency.
